CLAY CITY, KY., THURSDAY SEPTEMBER 28, 1911.

NO. 39

Why The Election Was Called.

The people of Powell county will be called upon Saturday, Sept. 30th to decide whether or not liquor shall be sold in that part of the county where liquor is now sold, and that portion of the county to be effected is Clay City only. Should the wets win liquor will continue to be sold as it is in Clay City only—the rest of the county will remain as it is—dry.

It is the purpose of this article to give reasons why the county should vote dry, and in doing this we want to give first the reason for the election being called. The principal reason is because of the sale of liquor in Clay City on Sundays and the sale of liquor to boys. Sober people whom it has become a nuisance to are not witnesses to the charge made here but circumstantial evidence goes to show that the law is being so violated. Had the liquor laws been strictly adhered to, the election September 30 would not have been called.

We here charge that evidently the law forbidding the sale of liquor on the Sabbath day is violated; the law against the sale of liquor to minors is violated; the law forbidding the sale to known inebriates is disregarded. The violations of these laws has led to the calling of this election. For some time drunken men on the Sabbath days are a common thing. We must pass them lying in fence corners as we go and come from church on Sunday, while any day in the week except possibly Sunday, we have seen boys known to us to be minors, go in and out of saloons, evidently for the purpose of drinking liquor. They are seen to drink it on the highways. Men go from town on the public highways

beastly drunk, cursing, whooping and shooting off their pistols, which makes life for the people living in the country hideous.

Such conduct renders a quiet, peaceful life for sober people in the country an utter impossibility. They have sought relief through the extension of local option to all parts of the county.

The report has gone out that the cause will win by a big majority. Over confidence has resulted disastrous to many a just cause. The whiskey people, we are informed, are carrying on a secret campaign and many who you think will vote dry may be turned at the critical moment. Should one hundred dry voters remain at home because they think they are sure of winning any way, the cause is evidently lost. It is possible that one hundred of these men may do this. Every man for local option must be present and vote to win.

Thirty thousand dollars a year is being spent in Clay City for liquor. We think this is too much money to go that way in this part of the country. Poor women and children are suffering for food and clothing because father must drink. Mothers are broken hearted in many homes because their sons must drink.

It is a sad and pitiful condition when mothers must unnaturalize themselves to the extent that they take joy in getting their own dear sons from the family circle, that they may have hopes of them being removed from the evil effects of the alluring temptations of drink such as is held out to them at Clay City, at the same time not knowing but what conditions where they go are also of the worst nature. Yet they gain great satisfaction in the belief that conditions can be no worse anywhere else. Some moth-

ers have asked us to encourage their young sons—minors—to stay away from Clay City and their homes that the intemperate society of Clay City may not lead them to ruin. Some of these boys are in other states, but their parents tell us it is a sweet consolation to know they are so many hundred miles away instead of being in their own homes where the drink temptations are so great. To relieve the situation vote dry Saturday.

The above article, while true, is written without malice to any bar keeper in Clay City. We believe it may be the intention of some of the saloons to stick pretty close to the law while others are said to pay but little respects to the law. Regulation is impossible, so we must vote the saloons away from us. Saturday is the time.

Bridge Contracted For.

The city council in session Thursday night closed a deal with the Brackett Bridge Company of Cincinnati, Ohio for a bridge to cross the river at old Clay City. The span will be 144 feet long with 12 feet roadway. It will stand on solid concrete abutments on the city side of the river and stand on the cliff on the county side of the river. The bridge will be built jointly between the city and county at a cost of \$2,400. The county at the regular meeting of the Fiscal court will ratify the contract made by the city. This bridge when completed will be the best bridge in the county and certainly seems to be a bargain, though there has been a decline in the market value of steel. Those who have had the matter in hand are to be congratulated on the splendid bridge they have provided to be erected and also for the low price they have secured.

The Rev. Louis Fryman, the new pastor of the Methodist church is a married man, and he and his wife will occupy the parsonage. J. P. Ringo who has been occupying this property has moved to his own property in the western portion of the city.

Word received yesterday from J. H. Burgher and Mrs. A. M. Burgher inmates of the Good Samaritan Hospital at Lexington brings the good news that they are doing well and hopes are entertained that they will soon be able to return home.

Mrs. J. W. Williams will have something in her store the week of October 10th that will interest every lady in Powell county. Read her advertisement this week for particulars.

Mrs. C. W. Duncan, of White Sulphur Springs, W. Va. who has been in such serious condition for some time is improving nicely since returning to her home from Clay City.

James Holman, of Bowen, is in the city.

Dr. C. B. Dickson, dentist, will be in Clay City the week beginning September 25 for the practice of his profession. Red River Hotel.

The Rev. J. C. Hanley, President of Stanton College, delivered a splendid address at the Presbyterian church last night in the interest of the pending local option election.

We read where Albert Welch, of Ladoga, Ind. has purchased a farm in Montgomery county. Mr. Welch moved from Powell county to Indiana about one year ago and guess he has enough of Hoosierdom and will move back to Kentucky. Sorry he isn't coming to Powell.

Order for Local Option Election.

J. E. Burgher, vs. Powell County.

Petition from each and every voting precinct in Powell County having been duly filed in this Court by order of record on the 1st day of August, 1911, asking that an election be held in each and every voting precinct in Powell County on the 30th day of Sept. 1911, for the purpose of taking the sense of the legal and qualified voters in each voting precinct in said county upon the proposition whether or not spirituous, vinous and malt liquors shall be sold, bartered or loaned in said Powell County, and this being the first regular term of this Court after the term which said petitions were filed, and it further appearing to the satisfaction of the Court that each of said petitions is signed by more than twenty-five per cent. of the legal and qualified voters of each of said precincts in Powell County according to the vote of the last

general election held in said County, it is therefore ordered by the Court that T. C. Hall, now Sheriff of Powell County, Kentucky, open the polls at each and every voting precinct in said Powell County, Kentucky, on the 30th day of Sept. 1911, for the purpose of taking the sense of the legal and qualified voters of said County as a unit, whether or not spirituous vinous and malt liquors shall be sold bartered or loaned in said Powell County, Kentucky.

J. H. Hardwick, J. P. C. C. State of Kentucky, vs. County of Powell, Set.

I, James Woolery, Clerk of the County Court in and for the County and State aforesaid certify that the foregoing is a true and correct copy as it appears of record in my office.

Given under my hand this 7th day of August, 1911.

Jas. W. Woolery, C. P. C. C. By W. G. Frazier, D. C.

NOTICE OF ELECTION.

In compliance with the above order I will cause to be opened a poll in each of the voting precincts in Powell county, Kentucky, September 30th, 1911 between the hours of 6 and 4 o'clock to take the legal and qualified voters of said county as to whether or not spirituous, vinous or malt liquors shall be bartered sold or loaned in said county. T. C. HALL, Sheriff Powell county, Kentucky.

Go Right Ahead.

Our wall paper sale is one of the big events of the season. We are showing the beautiful things which earlier in the year commanded a higher price and now only costs about two-thirds.

The reason is the Fall Stock. The benefit is enjoyed by all. We'd like to sell more paper tomorrow than any time this week. Mrs. J. W. Williams, Clay City, Ky.

Col. J. W. McCulloch, the millionaire Owensboro distiller and President of the Kentucky Distillers' Association, who opposed O'Rear's nomination and said he would not support him if nominated has come to his relief with a big subscription to the Republican campaign fund, after a conference with the Judge, and is asking funds from others. He has been made chairman of the Finance Committee in the 1st and 2nd districts. We are loath to say O'Rear is not sincere in the cause of the county unit, but why is he having so many conferences with the whiskey people and why is it they are all so strong for O'Rear and why are they all so willing to loyally support him in his race?

The Republican platform in the State of Maine last year said:

"We believe in prohibition and demand the faithful and impartial enforcement of the prohibitory law, and are opposed to re-submission or any measure tending to the repeal of the law which has done so much to promote the moral and material welfare of the people of this State."

The Democrats were elected up there on a pledge to repeal the prohibition amendment of the State Constitution and did it by the small majority of twenty-six. We are ashamed of our brethren in Maine.

A bad man advocating a good cause is on the right road to reform and should be encouraged rather than censured.

If you want a decrease in drunkenness; if you want more money spent in Clay City for flour, meal and bacon, and less for liquor; if you want a more peaceful and quiet life; if you want larger congregations at the churches and bigger contributions in the box; if you want brighter and happier homes in Powell county, go to the polls Saturday and vote to get the saloons away from Clay City. If you are not entitled to a vote ask some one to vote that way for you.

Some voters are for O'Rear because he has all along been so outspoken for the temperance cause, not that they can get any more done for the cause by electing him. Governor McCreary will do as much for temperance any day as O'Rear. Then why not keep O'Rear where he is and elect McCreary to the Governor's place. Two good men in office beat one any day.

A Democrat whiskey man was heard to say in this city recently that as both parties were fighting their interests, the whiskey people would lay low and not vote this fall. This man knows that his party will do as they are pledged to do, where can you find a Republican whiskey man that will not vote for O'Rear? Why does he do it? There is a screw loose somewhere.

How about that road working? We must not get so interested in politics as to forget that our roads if not attended to immediately will be in their usual miserable condition when the fall rains begin. Overseers, get out your crew and put your road in order at once if you have not already done so.

When talking to Democrats, O'Rear says there are no national issues involved, but when talking to Republicans he says it is very important that the Republicans carry Kentucky this fall as it will have a great influence in carrying it for Taft next fall.

Our assessor's books in Kentucky show less than one-tenth as much money on deposit in banks than the bank reports show. All the assessments are sworn to and so are the bank reports. A lot of lie swearing rests on some people's shoulders.

The editor of the Courier-Journal is charged with saying, "No Prohibitionist can be a Democrat." The editor of the Times says every Democrat ought to be a Prohibitionist and every Prohibitionist ought to be a Democrat.

In prosperity we have always a full supply of friends who quickly disappear when their help is needed the most. After our troubles are past these friends will appear again and say, 'why didn't you let us know of your troubles that we might help you.'

The man who is for local option when he is with us and against it when he is with whiskey people is often seen just now, and is but little thought of by either side.

Lower Taxes
would be a most desirable change, but since that seems to be out of the question just now, the best thing to do is to save tax money by making your purchases at Williams' Two Stores.

Farmers Attention.

New Treasurer.

The city council met in called session two nights this week. A. T. Whitt resigned as Treasurer and Dr. Wm. C. Martin was elected to fill the vacancy. Mr. Whitt made a good officer and his resignation was accompanied with a check for the amount in the treasury together with a report from the time he entered into his official duties. The balance in the treasury is \$4,880.00. The Council reluctantly accepted Mr. Whitt's resignation after using every effort possible to get him to withdraw his resignation. So much money in the treasury speaks much for the present city council for their economical administration. Dr. Martin is a man well qualified for the place and will make good in this position. He is a man fully worthy the trust imposed upon him.

Freight Rates Increased.

Since coming under the control of the L. & N. the L. & E. has been making many changes, none of them, however, has done any injury to business until the increase in freight on raw products was made. The increase in some instances is 600 per cent. The rate on rough lumber from any point on the road to Clay City has been \$6.00 per car for all size cars. On 60,000 pound capacity cars this was one cent per hundred pounds. The rate is now raised to 6 cents per hundred pounds or \$36.00 per car to Clay City. This rate takes place October 1st. The rate of \$6.00 has only applied to material which was to be unloaded here, remanufactured and reshipped. The withdrawal of this route is a death blow to our planing mills, the spoke factory and other prospective plants.

The Myers Patent Mop Wringer

This Mop Wringer is the only machine ever invented that will wring and clean a mop thoroughly. It not only takes out the dirt and leaves the mop clean, but it wrings it so dry that there is hardly any moisture left in the mop. The floor is never left streaked, as you are always using a clean mop. The machine is very simple to operate and requires no skill, as anybody can use it, man, woman or child. It is a labor saver, as one person will do the work quicker and better than three with any other device known. The pail sets on the platform and is not attached to the machine and can be moved at any time. It is always ready for use and there are no parts to get out of order. A trial of our machine will convince you that its work is perfect. We have yet to find a dissatisfied customer.

If your dealer does not handle this Mop Wringer, write direct to us. MYERS WRINGER CO., Manuf'rs, Mohawk, N. Y.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. **FOR KIDNEY, LIVER AND STOMACH TROUBLE** it is the best medicine ever sold over a druggist's counter.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce Pres., Buffalo, N. Y.

Heavy Increase in Coal Output.

There was a notable activity in Kentucky's coal mining in 1910 according to figures just made public by E. W. Parker, of the United States Geological Survey.

The total production of the State was 14,623,319 short tons; valued at \$14,445,887, as against 10,607,384 short tons, valued at \$10,079,917, in 1909, a gain of 3,925,935 short tons, or 36.7 per cent in quantity, and of \$4,325,970, or 43.2 per cent in value.

The stoppage of work in the coal mines affected by the general strike of 1910 was of material benefit to the operators and miners in Kentucky, particularly in the western field. During the six months of idleness in the other States the shipments over the Louisville and Nashville Railroad from the western Kentucky coal field increased nearly 70 per cent over the corresponding period in 1909.

During 1910 the coal mines of Kentucky gave employment to 20,316 men, who worked an average of 221 days. Labor disaffections in the Kentucky mines were limited to short strikes in 14 mines.

Kentucky is one of the leading States in mining coal by the use of machines and ranks next to Ohio in the percentage of machine-mine output to the total production. In 1910 out of a total of 14,623,319 short tons, 9,362,851 tons, or 64 per cent, were machine-mined.

So far as the records of early coal production in the United States are to be accepted, Kentucky was the third State to enter the list of regular coal producers. According to one of the early reports of the Kentucky Geological Survey, published in 1838, the first coal produced in the State was mined in 1827 on "the right side of the [Cumberland] river below the mouth of Laurel." The same report says that in 1828 five boat loads of coal from these mines arrived at Nashville, and that from 1829 to 1834 probably from 25 to 35 boat loads were sent out each year. The boat loads averaged about 1,750 bushels, or 66 tons each.

Couldn't Walk!

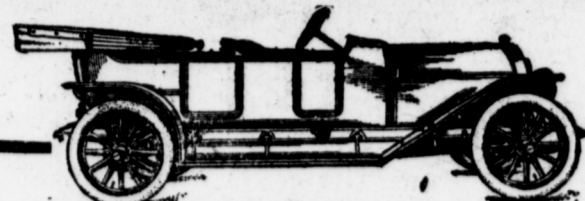

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE CARDUI The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

Not Simply a Car—but Car Service

Now is the time of year when you are beginning to think of the car you intend buying. Remember, when you buy, that the absolute limit of dollar for dollar return is reached in cars selling under \$2,000. When you pay more, your returns are not in proportion to your investment. When you buy, buy not simply a car—but car service. Buy correct design, accurate construction and good materials. Buy sound motor car value. And it's yours for the asking. Won't you ask for it?

MARATHON models include Torpedo Touring Car, Fore Door Touring Car, Standard Touring Car and Roadster, and Torpedo Roadster. Prices from \$1,500 to \$1,700.

FREE Your Organ

30 DAYS TRIAL
NOT ONE RED CENT IN ADVANCE.

From My Factory Direct to you, save \$10 to \$20. I'll prove this beyond the shadow of a doubt if you will let me ship you one of my Adler Organs on free trial.

I prove every statement I make before you buy—if I don't, ship my organ back at my expense.

I'll Trust You

MIDDLEMEN WIPED AWAY

I've busted the hot air bubble of the dealers, agents and middlemen of this country by selling direct to the homes at the same price they formerly paid me for my organs.

SEND ME YOUR NAME

whether you want to buy or not and I'll send you free of charge and postpaid the most wonderful organ book and buying plans you ever saw. All the organ men in this country claim they make the best organs but do not give you any proof. I do, and here is the proof. I own my own timber lands, saw mills, dry kilns and factory. I do not have to pay one penny of profit for lumber or milling. The profits that other manufacturers pay to lumber and saw mills, I put into my Adler Organs. (The Nightingale of Organs). That's the reason my organ is better than any other make. Another Proof! I guarantee my organs for 50 years, whereas others guarantee theirs for 10 to 12 years. Don't this mean something? My selling plans are the fairest, simplest, safest and easiest ever placed before the American public, in that I grant my customers all the time they want, arrange their payments as it suits their income and circumstances, give them reasonable extensions of time if they can't meet their payments and charge them no interest. Ask some of your neighbors who dealt with me about this. That's the best proof you can get. I would just as soon give you \$1,000 in gold if you can duplicate this proposition.

MY ORGAN (THE NIGHTINGALE OF ORGANS)

has a tone nearest to the human voice, a pure singing tone that lasts a life time and it won the highest prize at the St. Louis World's Fair, another proof my organs are the best. Everybody is buying an organ these days and everybody is buying an Adler on account of its high quality, wearing qualities, style and reputation. I am selling them for less than dealers and agents are selling cheaper grade organs and when you stop to think and realize that when you buy from one of these middlemen you must pay his profit, time, salesman's salaries, store rents and other expenses, my offer means a whole lot and stands before you as the king of money savers. My world's greatest organ factory is working day and night, grinding out the organs ordered, and this condition was brought about by the fair and liberal treatment I handed out to my customers, now numbering over 75,000. Whenever I sell an Adler, it sells a dozen more and so on indefinitely. They've stood the test and always will. Quality always wins out.

75,000 ADLER OWNERS SAVED \$2,625,000

Before I sold direct to the homes at wholesale factory prices, as I am doing now exclusively, I used to sell to dealers only, but when I found out that they sold my organs for twice and three times as much as they paid me, making the poor people bleed for it, I was thunderstruck and quit. I sent out thousands of notices telling them they couldn't buy another organ from me, that I meant to sell direct to the homes, saving them the enormous, unreasonable profits and expenses they were charging them. This came to them as a thunderbolt from a clear sky. The round numbers I've saved my customers (over 75,000 of them) at least \$2,625,000, all of which would have gone to the dealers had I sold the organs through them. You surely appreciate what this means.

NOW MY PROPOSITION TO YOU

is simply this, I will ship you, on 30 days free trial, any organ you want, on any reasonable terms you may suggest, just as it suits your income and circumstances. If you keep it at the end of the trial period, which I know you will, you can pay all cash or a small sum down and the balance monthly, quarterly, semi-annually or any other reasonable way. If at any time you can't meet a payment when it's due, I'll gladly give you a reasonable extension of time. You shall not inconvenience yourself by buying an Adler, for I'm going to make it the easiest purchase you ever made. I'll charge you no interest as other organ men are doing. If you don't keep my organ because it's not as represented, you can ship it back at my expense and I'll pay you every cent you paid for freight, so you will lose absolutely nothing. Furthermore, if at any time within a year, my organ does not hold up to every claim I made, you can ship it back at my expense and I'll return to you every dollar of the purchase price with 8 per cent interest and all freight paid. I can agree to do this because I know how my organs are made and positively know they always make good.

50 YEAR GUARANTEE

I guarantee all my organs for 50 years, something no other organ man will do. My guarantee bond is the strongest ever written and if you will ask your banker or any of my local banks or the editor of this paper as to my reliability, you will be told that I am as sound as a rock, that you can safely enter into any transaction with me and that all of my dealings are on the square. Send your name for catalog and buying plans. You will be under no obligation whatever. Stool and instruction book given with every organ.
